Torrance Basketball Team Is Honored by U. S. C. Athletes

The Torrance basketball boys have so far been bringing glory to themselves and to Torrance. In every game they have defeated their opponents—San Diego, Wilmington, Gardena, Lomita, etc.—and now two more games for the silver trophy. On Saturday they were the special invited guests of the University of Southern California at the great track and field meet held at the Coliseum. Special seats were reserved for the visitors, where they enjoyed and took notes of every event on the field. Immediately after the track meet Harry Phillips, Warren MacMillan, Ray Stepp, and Richard Von Hagen were taken to the new Sigma Chi lodge. They were met at the door by Capt. Jeff Cravath of the U. S. C. and conducted over the house by Charlie Borah. They were introduced to all the star football, baseball, and basketball players. After supper the party went to

the musical extravaganza provided by the graduates of the University. The party included the Rev. A. Lyall of the Methodist Episcopal Church, who has been behind the team and who was instrumental in securing the invitation for the team. The members of the team came back thrilled and had hardly any words with which to describe all that took place.

EDUCATION CENTER.

The Mothers' Educational Center will be held Friday, April 1, from 10 a. m. until noon. A photographer will be present to take pictures of the mothers and babies. These pictures, to be displayed at the clinics in Los Angeles during Better Babies Week, beginning May 2, will be returned to the mothers.

Sample Store Men Do Good Business In Location Here

Attracted to Torrance by low taxes and industrial development, O. H. Oberg and I. N. Hawkins, owners of the newly opened Sample Store on Sartori avenue, said this week that business at the store has greatly exceeded their expectations. The Sample Store here is only one of a group of seven with pooled buying power. The company specializes in the sale of piece goods, hosiery, shoes, underwear, and other staple merchandise. Mr. Oberg said yesterday: "Our purchases are made direct from mills and the goods allotted to the several stores. We operate on a basis of quick turnover at low prices. Our purchasing power enables us to do this. We like the Torrance location from every standpoint. It is central. It provides a large warehouse for a large stock. Shipments of thousands of dollars of new merchandise are now on their way to us and will be announced on arrival. We are more than satisfied with Torrance in all particulars."

FUR RABBITS and CHICKENS

FOR LAND SAKE SEE OUR FUR RABBITS AND SMALL HOMES. IT MAY MEAN A LOT TO YOU.

Mr. or Mrs. Home Buyer, if you want a home you can pay for with Fur Rabbits and Chickens, come out and see us. We are selling 50x100-foot lots as low as \$375.00 and put a 2-room cottage with water, light, gas and lavatory in, for \$1175. Or we can sell you a 50x150-foot lot, running from a new street that we are putting in to the proposed Los Angeles Street, a 100-foot boulevard, lot as low as \$375.00, long enough so you can build on either street. We will put a 2-room cottage on a lot this size for \$1675. We will put a large sleeping porch on either of the above houses for \$175.00 extra. On any of the above propositions, we give you 10 chickens, 10 rabbits, 10 ducks and a Buck tree. The lots are large enough so you can add chickens,

and the fur rabbits and chickens should make the payments on your home. You also have room enough to put in a garden. Until you get started the husband can stay on the payroll for the first year, the second year your Fur Rabbits and Chickens should make you \$2,500 to \$3,000. Torrance at present is employing 5,000 men in factories, with a monthly payroll of \$700,000. The Columbia Steel Corporation at this time are doubling their capacity and practically doubling the men, and the International Derrick and Equipment Company are also doubling their capacity. The General Petroleum Company bought 800 acres of land just north of our tract and are moving their Vernon plant there at a cost of ten to twelve million dollars. They will employ 1200 to 1500 men. The

Santa Fe Railway owns 800 acres just north of our tract that they will use entirely for industrial sites. Can you imagine any better place to own a home and land than in a city surrounded by factories? We have a demonstration farm right on the ground where we teach you how to care for Fur Rabbits. We also make up beautiful garments from our Fur Rabbit-skins; you will see these on display at the rabbitry. Those not having cars of their own can come on street car to Torrance, and it is only a short walk to the Tract. If you will come out today you will see a real live subdivision. We are putting in water, light, gas, grading and graveling the streets, and building 10 houses.

HOW TO GO

Go west from the Pacific Electric Company's shops at Torrance about 1000 feet, turn north on Cedar Street 1000 feet, and you will be at our Tract. Torrance Office is located right across the street from the Columbia Steel Corporation's entrance. Main Office, 28 American Ave., Long Beach, Phone 633-388. Salesmen with cars wanted T. J.
